RESOLVED to confirm as correct record the Minutes of the Meeting held on 12 February 2007.

4. Alterations to Monyash Road Junction.

The Council discussed the latest letter received from Brian Thompson - questioning why if the driveway to car park was substandard, was it left like that when craft centre was open? A discussion followed regarding the planning application containing reference to development of the barn. It was agreed that the development of the barn was not specifically approved as it was incorporated in the application for conversion of the craft centre to 10 units. The plans for the barn itself were never seen by the council, nor apparently by PDNPA despite their planning condition. The Council accepted that the letter did not address the points raised previously and agreed to reply.

RESOLVED:

- To reply to Brian Thompson questioning and correcting the statements made in the letter. **Action**
